Lab Assignment 9

CSE105: Introduction to Programming

1. WAP in c to develop a function to compute the sum of n natural numbers using recursion.
2. WAP in c to store complex numbers and design functions to calculate sum, subtraction and multiplication of two complex numbers.
3. WAP in c to swap two complex numbers using the functions
4. WAP in c to store the details of books such as Id, ISBN, title, publisher and price.
5. WAP in c to sort the records of books (develop in question 4) based in the price.
